A futuristic, high-tech environment with a large, glowing blue figure in the foreground and a smaller figure in the background. The scene is dominated by blue and black tones, with a strong sense of depth and perspective. The large figure in the foreground is a stylized, almost abstract representation of a person, possibly a clone, with a glowing blue face and large, circular eyes. The background shows a complex, industrial-looking structure with various pipes, panels, and glowing elements. A smaller figure is visible in the distance, standing near a large, glowing blue sphere. The overall atmosphere is one of mystery and advanced technology.

ISLAND NATION OF HOME, 2365.
